Dear Sir or Madam,

with almost 20 million inhabitants, Romania is an important EU member state. There are numerous historical connections due to the immigration of Germans from Swabia and the Moselle-Franconian-Lorraine region (who were then generally called 'Saxons').

Romania is located at the mouth of the Danube where it flows into the Black Sea and, as a neighbour of Ukraine, is of great strategic importance for Europe. Romania is one of the most dynamically growing countries in Europe. In the first seven months of the year, German-Romanian trade turnover amounted to almost 26 billion €, an increase of more than six percent.

Outstanding experts from German companies will present their views on the market and highlight the opportunities for trade and cooperation. In 2020, German companies generated €27 billion, which is 13% of Romania's domestic product.

The OstWestWirtschaftsForum Bayern and the German Committee on Eastern European Economic Relations jointly invite you to the event
