11. September 2024

Dear Sir or Madam,

Innovation is the decisive prerequisite for economic growth, sustainable development and the conquest of new markets. In his report to the EU Commission, Mario Draghi has just stated why Europe is at risk of falling behind: too little investment, too little innovation, too much bureaucracy. There is a need for action and action is being taken.

Together with our member HT-Group, we warmly invite you to an event.

**Bavarian innovations**  
**Driving force for economic cooperation with Eastern Europe and Asia**  
**Opportunities and partnerships for a common future**

HT Group Innovation Centre  
Rambacher Straße 2, 91180 Heideck  
Wednesday, 23 October 2024, 6:00 p.m. to 9:00 p.m.

Our speakers are members of the German Bundestag, decision-makers for finance and security, as well as representatives of one of the largest property developers in Germany in the field of building development, and of a aerospace company. The goal is economic strength in Europe through innovative developments from Bavaria in cooperation with Eastern Europe and Asia.

Discover the possibilities and new economic opportunities that are opening up and take the chance to communicate with our political representatives at the federal level for an economic strengthening of Bavaria to represent your interests.

We would like to thank the HT Group, especially CEO Claus Schweinheim, for initiating this event and would be delighted to welcome you. A get-together will take place after the presentations.

[We look forward to your participation and kindly request that you register by 21 October 2024.](#)

Kind regards,

Eberhard Sinner
